The Harvest Continues...

This week's box contains:

Carrots
Buttercup Squash
Peppers
Tomatoes
Kale
Radishes
Butternut Squash
Spinach
Sweet Potatoes
Lavender
Beets
Yukon Gold Potatoes
Large Bag of Onions
Enjoy!

We have decided on an ending date. Our last week of produce will be **Thursday, October 30th**. We're sad to think of it coming to an end, but nature is reminding us that it's time to take a rest.

As we put the fields to rest, we are looking forward to next spring. We will be planting garlic this fall and hope to have a nice harvest of it next summer

We also have our new brochures ready. We have put two in your box. One is for you to use to sign up for next year and the other is

for you to pass on to a friend who may be interested in Threshing Table Farm. If you would like more brochures, let us know and we'll be happy to get those to you. Thanks for passing the word!

Leaves Wanted!

Fall leaves are one of the greatest resources of organic matter. It also helps to get compost cooking. We would love your fall leaves (and your neighbors!). Please consider bringing them to the farm. Simply drop your bags of leaves off by our garage and we'll see that they get put to good use. All that we ask is that they be free of litter and dog poop. Thanks!

Have a great week!

Mike, Jody, Claudia,
Malcolm and Jonas

Enjoy the pears

Mike's mom and step-dad have a phenomenal pear tree in their yard in Rogers, MN. They've picked and picked and we've canned, dehydrated and eaten all we can! So we're sharing the extras

with all of you. Enjoy!
